

PVA-JO CHAMPIONSHIP

Streamed live on WWW.TRACKANDFIELDSHOW.COM

FRIDAY JUNE 16th-18th

Greetings Coaches,

Track and Field Show.com provides live streaming and recorded PPV access to track meets. We also have a Track and Field Talk Show that's dedicated to providing exposure, support and accolades for athletes in our community. These platforms were created to support the track and field community. New to our service offerings is our Track and Field Show.com live stream and recorded PPV package. We're offering these services in the form of a Fundraising tool for all track organizations. To participate in the Fundraising Program, your organization **does not** have to participant in a track meet we are either live streaming or recording for PPV. If you would like for your organization to participate in the Fundraising Program, please contact us for an agreement form.

Coach Jon & Coach Tony, Sunday's at 2pm

Live interviews conducted at the track meet

2. Have your supporters create a gmail account, e.g; susan.firebirds@gmail.com. That's the email address they will use to create their login info to access the live stream or the recorded PPV track meet. The organization will provide instructions to their parents and supporters on how to be counted towards the Fundraising Program.

4. We're only a success in our efforts to support your organization and the track and field community, if you join with us and encourage your supporters to be apart of the process. We want a national platform to allure corporate industries to engage in support of the track and field youth community.

HOW DOES IT WORK:

1. Your organization will receive a \$3.00 donation for every paid supporter from your organization, who also subscribes to the website. During the payment process, each person must provide a gmail address with the organizations name. The email address is how we will determine what organization the paid viewer is supporting.

3. The host organization will receive an additional \$.50 on all paid supporters from other organizations, on top of the host track organization receiving a \$3.00 donation for every supporter from their organization. The cost for the live stream or recorded PPV is \$12.99 (For the PVA JO's, the cost is \$19.99 for 3 day access). Recorded PPV for purchase will be made available on Monday's.
